

Judge for Ficifolia 2018
Helen Arthurson

In 2006 Helen and her family moved from busy city live to the Gippsland District of Mountain View. They wanted to pursue the country lifestyle; grow organic fruit and vegetables and have plenty of free range chickens.

This move was also a wonderful opportunity for Helen to pursue her passion for writing and abstract art. Her first children's book "Nuts in Shining Armour" was published in 2012; that same year, Graeme & Helen Arthurson opened their real estate office in Drouin.

Helen is delighted to be involved in the Ficifolia Art Show; several pieces of art purchased from past Ficifolia Art events are displayed in their office.
