

Janice Orchard

Janice Orchard paints in oils, watercolour, pastel and acrylic but her passion at the moment is for oils. She prefers the Modern Realist style covering landscape, seascape, portraits and still life.

A veteran of the art show circuit since the age of sixteen, Janice has also taken part in 34 group shows as well as 9 successful solo exhibitions in her own region and in the city of Melbourne.

Janice has received many awards and commendations for her work and has coordinated several public arts projects.

Janice Orchard tutors classes in painting and drawing and her workshops are usually booked out in advance. Her expertise and technical knowledge see her regularly asked to judge art shows.

In 2004 an acquisition of a Janice Orchard painting by RACV Victoria was presented to the then Minister for Tourism and Special Events, the Hon. John Pandazopoulos.

A lover of 'plein air' painting, Janice can be seen working on location around the Bass Coast and beyond, wherever the creative spirit takes her.

During 2013 to 2015, travelling and painting her way around the continent of Australia, Janice produced several arts journals and a large collection of paintings for a major exhibition which took place in 2016.

A prolific painter, Janice Orchard is represented in corporate and private collections in Japan, America, Sweden, Finland, Great Britain, Ireland, France, Singapore and Australia. Her work hangs in Parliament House, Melbourne.
