What is Creative Frenzy?

A night to see art being made before your eyes!

Several artists will complete a work based on a set theme, in their medium of choice. The artists will have a set time to complete their work as a creative performance over the evening, in front of the audience. The works will be sold in a silent auction over the Art Show. Light food available, drinks at bar prices. Live music and lots of fun and laughter. Don't miss this first for the Ficifolia Art Show.
